

## **Envision I-70 Planning and Environmental Linkages Study**

The Missouri Department of Transportation (MoDOT) is conducting a high-level study for I-70 to see what can be done in the future. The study will look at the interstate just west of the I-70/I-64 interchange near Wentzville to downtown St. Louis at the end of the express lanes. This corridor runs through the heart of St. Louis County. Please share your comments and ideas about this important link in the St. Louis region. To learn about the project and provide input to the short survey, please visit:
