## **NOTICE TO THE DEVELOPMENT COMMUNITY**

### **Civil Plan Review Staffing Vacancies** **November 8, 2016**

The Department of Transportation Civil Plan Review section is currently experiencing staffing vacancies.

Development project reviews for land disturbance permits, subdivision approvals, floodplain development permits, Special Use Permits for work in County road right-of-way, and other review functions of the Civil Plan Review group may experience significant delays. Project review delays will be minimized as much as possible but are expected to continue until vacant positions are filled and review engineers are trained.

Please plan your project schedules, submittals, and timelines accordingly.

Sincerely,
