

Dear Parents and Campers,

Thank you for choosing St. Louis County Parks and Camp Queeny for your summer adventure. Please read all materials enclosed in this packet *carefully* and return all of the completed forms to the Greensfelder Recreation Complex at Queeny Park at least one week prior to the start of the camp session. If the camper is attending multiple sessions, you will only need to fill out the forms once (please let the camp directors know if any of the information changes at any time).

Please be aware that our camps are mainly outdoor (unless the weather turns bad) and the campers participate in sports, games, fishing, canoeing, art & crafts, and many other activities. A field trip (on or off campus) will be scheduled each week and incorporated into the planned activities. An activity fee (\$15 or less for 2019) per camper is due no later than each Tuesday of every camp session attending. This will pay for supplies, treats, transportation, and extra admission for field trips. Our shared goal is for every camper to enjoy their days at camp in a safe, caring, and fun environment.

The following is a list of things required for camp:

1. Tennis shoes (children without tennis shoes will not be allowed to participate until proper shoes are delivered).
2. Sunscreen.
3. Plenty of water marked with camper's name (you may want to freeze a bottle the night before so campers have cold water as it thaws).
4. Nonperishable lunch with drink marked with camper's name.
5. Other specialty items noted on the camp schedule (i.e. Swimsuit for water games, etc.)

If you have any questions regarding this information, please contact us at 314-615-8472.

Thank you and see you this summer!

**ST. LOUIS COUNTY PARKS & RECREATION DEPARTMENT
MEDICATION POLICY AND PROCEDURES
FOR DAY CAMP PROGRAMS**

Campers are not allowed to have medication of any kind in their possession during day camp hours (with the exception of an EpiPen). We urge parents to check with their child's physician to see if alternate medicines can be dispensed at home. Our preference is that our staff not be responsible for assuring that campers take medication(s). However, if a camper does require medication during camp hours then all prescription medications will be given in accordance with the following policies:

1. The Parks and Recreation Department must have a release form signed by the parent on file for each prescription medication the camper is to receive before day camp begins. The release form is attached.
2. Parents must provide a letter from the prescribing physician stating the diagnosis and confirming the need for medication during camp hours. Included in this letter must be the physician's prescription for all medication the camper will be taking at camp. Any changes in medication, dosage, or time it is to be given must be documented in writing by the prescribing physician.
3. These required documents (including the release form) must be brought or mailed to the department before the first day of each camp session.
4. All medication must be in the original prescription bottle from the pharmacy when given to the day camp director on Monday morning(s). We recommend bringing a week's worth of medication to camp on Monday.
5. Parents are responsible for making sure their child has enough medication at camp and for picking up any unused medication at the end of a session.
6. The camper, accompanied by a counselor, is responsible for coming to the camp director to receive medication at the scheduled time.
7. Campers needing to keep an EpiPen with them, should have it placed in an outside pocket of their pack marked with an "X" made by marker or secure tape.
8. Staff will be responsible for documenting all actions pertaining to medication at camp.

Should you have questions or concerns please call us at 314-615-8472.
